

GLASS GIVES HIMSELF UP

Vice President of Pacific States Telephone Co. Surrenders To the Sheriff.

LET OUT ON \$90,000 BONDS.

Grand Jury is Still Probing—Mayor Schmitz is Anxious for an Immediate Trial.

San Francisco, March 25.—Louis Glass, vice president of the Pacific States Telephone company, returned tonight to San Francisco by river steamer from Sacramento. Mr. Glass gave himself into the custody of the sheriff and was escorted to Judge Lawler's department of the superior court, where he gave bonds in the sum of \$90,000 to cover the nine indictments for bribery returned against him by the grand jury.

Earlier in the afternoon Presiding Judge Coffey of the superior court had fixed the millionaire telephone official's bail at \$10,000 on each of the nine counts and had assigned the cases to Judge Lawler's department for trial, at the same time issuing nine bench warrants for Glass's arrest and 13 bench warrants for the arrest of Abraham E. Detweiler, the Ohio millionaire, against whom the grand jury found that number of indictments, charging him with bribery in connection with efforts to secure a competitive franchise in this city for the Home Telephone company. Detweiler has not yet been apprehended. His cases have also been assigned to Judge Lawler for trial.

IMPORTANT WITNESSES AWAY.

Little was accomplished by the grand jury today, owing to the failure of important witnesses from Los Angeles to arrive in the city. No indictments were returned during the one session that was held, and only two witnesses were examined. These were Samuel Jacoby, fiscal agent for the telephone company, which operates in the northwest, and James P. Adams of the Adams-Phillips company of Los Angeles, the bankers and brokers who handled Home Telephone securities. The subpoenaing of Jacoby, according to a statement made by Asst. Dist. Atty. Heney at the close of the grand jury session, had nothing to do with bribery. He merely testified that his company was anxious to bid on a telephone franchise, and would have bid the price up had it known that one was to be advertised; his company was under the impression that the earthquake and fire had led to an indefinite postponement of the proposed bidding.

All that Mr. Heney would say regarding the testimony given by Adams was:

"He had what I wanted, I knew he had it, and I got it."

NEW WITNESSES.

The grand jury will resume its sittings at 1:30 o'clock tomorrow afternoon. It is expected that before that hour the witnesses from Los Angeles, subpoenaed last week by the grand jury, will have reached this city. They are A. B. Cass, president of the Home Telephone company of Los Angeles, president of the Cass-Damrell Hardware company of that city, bank director, member of the chamber of commerce, the Merchants and Manufacturers' association and other important bodies, and in his own name a millionaire; William Mead, president of the Central Bank of Los Angeles and a stockholder in the Home Telephone company; W. C. Patterson, vice-president of the First National bank of Los Angeles and director and stockholder in several other banking institutions; J. S. Torrence and Frank M. Brown, brokers. From these men the grand jury, it is stated, expects to gain much information respecting the alleged wholesale bribery of a majority of the San Francisco supervisors by the agents of the Home Telephone company.

SCHMITZ WANTS SPECIAL TRIAL.

San Francisco, March 25.—"I have repeatedly asked for a speedy trial—

GREAT BLESSING TO MANY PEOPLE HERE

May Mean Much Less Sickness Here When Generally Known.

A SIMPLE HOME REMEDY.

Valuable Prescription and How to Prepare It You Have Kidney Troubles Or Rheumatism.

This is a message that will bring happiness again into many families and sunshine into the lives of hundreds of disheartened and discouraged men and women here. It requires just a little inconvenience for it can't be bought already prepared. It is a simple home prescription now being made known in all the larger cities through the newspapers. It is intended to check the main cause of rheumatism, kidney and bladder trouble which have made so many cripples and invalids and weakenings of some of our brightest and strongest people.

The druggists here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce, and Compound Syrup of Sarsaparilla, three ounces. Mix by shaking well in a bottle. This dose is one teaspoonful after each meal and at bedtime.

Recent experiments, even in severe hospital cases, prove this simple mixture the remedy for Rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It cleanses these most vital organs to waste impurities and uric acid which are the cause of rheumatism. It cleanses the kidneys, strengthens them and removes quickly such symptoms as backache, blood disorders, bladder weakness, frequent urination, painful, scalding and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure, puts new life into them and invigorates the entire tract. It makes the kidneys clean the blood. The Dandelion will take care of the liver trouble and constipation, and is fine for the stomach.

All the ingredients, states a well-known local druggist, are of vegetable extraction, making it a safe and harmless prescription at any time. Those who suffer and are accustomed to purchase a bottle of patent medicine should not let a little inconvenience interfere with making up this simple mixture. Whenever this becomes generally known, states a large eastern publication, it ruins the sale of the patent medicines and so-called rheumatism and kidney cures, which is its best endorsement of virtue.

for an immediate trial, and the prosecution has just as often refused it," said Mayor Schmitz in an interview with the Associated Press today.

"I valued all technicalities many weeks ago. I wanted to be tried at once. I am willing to be tried by Judge Dunne, although I believe he is prejudiced against me; or I am willing to be tried before any judge in this country, or any judge which the prosecution may wish to bring in from any other country. I personally went before the presiding judge and asked that my case be assigned to some judge who could try me at once. Judge Dunne has refused to proceed with my trial until Ruef's trials are over. That will bring it just about the time of the primaries in August. The indictments against me were returned five months ago. I was ready to go on trial before I went to Washington. I was ready to go on trial when my case was called a week ago, but the prosecution again postponed it for three weeks.

When told that Dist. Atty. Langdon said it was true the mayor had asked for a trial, but that his action meant delay, Mayor Schmitz virtually declared that district attorney Langdon was outside of the truth in making such a statement, and referred to the court record, which he said showed who was delaying the trial.

The mayor again branded the report that he had offered to confess as an "outrageous, malicious lie."

"I shall remain in office until the end of my term," concluded the mayor, "and I will run for office as long as the people want me and as long as I can serve them."

San Francisco, March 25.—"I have repeatedly asked for a speedy trial—

ENDING WAR IN CENTRAL AMERICA

Capture of Honduran Capital and Flight of Bonilla Virtually Brings it to Close.

CONFLICT SHORT AND SHARP.

It Will Scarcely be Renewed if Salvador and Guatemala Are Not Allowed to Participate.

Washington, March 25.—The reported capture of Tegucigalpa, the capital of Honduras, today by the Nicaraguans coupled with the recent defeat of the forces of Honduras and Salvador at Choluteca and the flight of President Bonilla of Honduras, virtually ends the Central American war. It is now probable that Nicaragua will install another president at the Honduran capital and that she will then withdraw her troops to her own territory.

The conflict has been short and sharp, and the reports which have been received here, none of the engagements have been seriously fought, four or five hundred in the most important engagement reported, the fight at Choluteca.

Honduras has been helped in this war by Salvador, with whom she had an alliance, and she has had to contend with a rebellious outbreak of her own people. This was also the case in Nicaragua, revolutionists in each country taking advantage of the difficulties of the government to further their own cause. Three Central American states became involved, Costa Rica and Guatemala remaining neutral.

The United States sent gunboats to both the Pacific and Atlantic coasts, and marines were landed at two or three points on the northern coast of Honduras for the protection of American interests. These ports were in the possession of enemies of the Honduran government at the time, and the government of Honduras approved the action.

Early in January the trouble between Honduras and Nicaragua appeared to be becoming acute. Mexico and the United States endeavored to avert an open conflict, but the fighting went on, and stood ready to put a stop to it the moment it threatened seriously to endanger foreign interests.

Setting aside the matter of the Nicaraguans are alleged to have stolen in the frontier town of Las Manos one night, the cause of the conflict apparently is found in the ambitions of President Zelaya of Nicaragua to see as chief executive of Honduras a man who would favorably consider the claims of Nicaragua in the matter of delimiting the boundary between the two countries. A possible underlying motive is President Zelaya's far-reaching ambitions. He is credited with a desire to bring about a federation of the states of Central America and Honduras stood in his way. On the other hand, it is asserted in some quarters that President Bonilla brought about the trouble for the purpose of avoiding disaster at the hands of the revolutionary party, which was daily growing stronger in Honduras.

A feature of the conflict has been that each country has disavowed responsibility for the war.

The engagements of the past week have been leading up to the taking of Tegucigalpa, the capital of Honduras, and the forces protecting the approaches to the city, the result was only a matter of a few hours. The capital is a bare seven miles from Choluteca, and both are in the heart of a rich mining district. The state department has a representative at the Honduran capital in the person of Philip R. Brown, secretary to the American mission to Honduras and Guatemala, and it is probable that the department will receive reports from the Nicaraguans and the Hondurans, which will be of great value in the early taking of Tegucigalpa, had nothing tonight to add to the news of the Nicaraguan victory and position, as already announced by the Associated Press, is that the fugitive president, Bonilla, will go to Salvador and again

recruit his army for a second attack on Nicaragua unless the United States and Mexico insist on maintenance of the neutrality of Salvador and Guatemala, and that if such insistence is made the war is virtually ended.

AS CENTRAL AMERICANS SEE IT.

Mexico City, March 25.—It was the general opinion among Central Americans here today that should the United States and Mexico restrain Salvador and Guatemala from coming to the assistance of Gen. Bonilla, the war between Nicaragua and Honduras is practical over. The opinion was also expressed that President Cabrera of Guatemala is not anxious to try conclusions with the ruler of Nicaragua, and that he would be the first to welcome peace. Dr. Esturpian, minister of Salvador, received a dispatch from his government that Salvador was working in the interest of peace, and has ordered the withdrawal of its troops from Honduras. The withdrawal of the Salvadoran forces would seem to find a death knell to the hopes of Bonilla.

The complete annihilation of Bonilla's force places the other Central American governments in jeopardy, and according to a prominent Central American, President Cabrera's only salvation lies in the immediate establishment of peace. No statement could be obtained at the foreign office as to the status of negotiations that this country has entered into with the United States.

DETAILS OF CAPTURE.

Managua, Nicaragua, March 25.—A few details of the capture of the Honduran Salvadoran position at Choluteca by the Nicaraguans have been received. The Nicaraguans captured 1,500 rifles, a large amount of ammunition and quantities of field equipment. The Hondurans and Salvadorans had 200 men killed and about an equal number wounded.

Some of the Nicaraguans wounded who were captured were captured by the Hondurans and reported to have been hanged and their bodies barbarously mutilated.

WHAT INTERVENTION MEANS.

Buenos Ayres, March 25.—The Prensa, speaking of the proposed intervention of the United States and Mexico to stop the central American war, says:

"Any armed intervention in the struggles between American countries, amounts to a limitation of sovereignty. The weakness of a country is not a justification for the powers to violate the principles of international law. Therefore, only friendly mediation can be praised, never armed intervention."

AN IMPORTANT BATTLE.

Panama, March 25.—The news that an important battle has been fought between the forces of Honduras and Salvador, and those of the Nicaraguans, and that Senor Barahona, Honduran minister of war, was mortally wounded and that many soldiers captured, is fully confirmed.

The allied armies of Honduras and Salvador are described as completely routed. News of the termination of the war is momentarily expected.

SUSPECTED TRAIN ROBBER.

Alvin D. Potter Arrested by Sheriff in Grand Junction.

Grand Junction, Colo., March 25.—Alvin D. Potter, 35 years of age, was arrested here today by Sheriff Shrader and, though no information was given out regarding the charge against him, it is understood that he is suspected of being the leader of the band which held up a passenger train on the Denver & Rio Grande railroad three years ago near Parachute. He was wearing a dark suit and a large amount of booty. Potter, handcuffed and shackled, was taken this afternoon to the Grand Junction jail, where he will be given a hearing. Potter is said to have lived for three years in the hills in this vicinity. Three weeks ago he opened a gun repairing shop in this town.

G. B. BURMAN TESTIFIES AFTER FOUR YEARS.

G. B. Burman, of Carlsbad, N. M., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the back-ache, swelling and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of these symptoms during the four years since I started on the remedy. I have secured a cure and a healthy recovery. Sold by F. J. Hill Drug Co."

SUICIDED ON TRAIN.

Montgomery, Ala., March 25.—John Hippo, a white man, 35 years of age, hung himself in a toilet room on a train leaving Montgomery this morning. He carried \$12 in money and a ticket from San Francisco to New York. He had tied a red bandana handkerchief about his neck and was found from a lamp bracket. His body was taken from the train at Bay Minnet.

LOCOMOTIVE EXPLODES.

The Engineer, Fireman and Brakeman Are Killed.

Albuquerque, N. M., March 25.—By the explosion of the boiler of a locomotive drawing a Santa Fe freight train, near Omaha, N. M., today, three men were killed. The dead were: The engineer, fireman, and brakeman. The victims were residents of Raton. The cause of the explosion is not known, but the three men on the engine being instantly killed. The engine was totally wrecked and parts of the heavy iron work were found 100 yards away.

BIG FIRE IN HUTCHINSON, KAN.

Hutchinson, Kan., March 25.—The explosion of a coal oil lamp at 7:30 o'clock tonight started a fire that destroyed the Morton salt plant, the largest in the world, including a new \$250,000 addition.

The plant was operated by means of oil-burning boilers and in some way the oil was ignited, causing the flames to spread quickly. A strong southwest wind made the work of destruction rapid in spite of the efforts of the special fire-fighting force at the plant, assisted by the city fire department. The loss, including a vast quantity of refined salt, may amount to \$500,000.

The Morton block was the chief plant of the Hutchinson-Kansas company owned chiefly by Joy Morton and his brother, Paul Morton, former secretary of the navy. The loss is partly covered by insurance.

LAND FRAUD OFFENSES.

Corps of Special Assistant Attorneys-General Organized.

Denver, March 25.—Owing to the increasing volume of business of the west, it has been ascertained, the department of justice has practically organized a corps of special assistant attorneys-general for the west in connection with coal, timber and other land frauds and offenses west of the Missouri river, placing Special Asst. Atty.-Gen. M. C. Burch in supervisory charge of them. That Judge Burch has been in Denver for some time past quietly organizing present and future operations, was learned today. Under his supervision a strong force of special assistant attorneys has been employed. Among these are R. H. Rush of Omaha, Ernest Knobel of Denver, F. A. May-

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the general use. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Sold by F. J. Hill Drug Co.

SHOT WOMAN THREE TIMES.

Springfield, Ill., March 25.—Peter Clark today on an interurban car running between Springfield and Virden, and probably fatally wounded Mrs. Mollie Gibson, the divorced wife of Elmer Gibson. Clark fired three times at the woman three bullets taking effect in her head. He surrendered. The husband was recently divorced from his wife.

FUNERAL OF GEN. WINT.

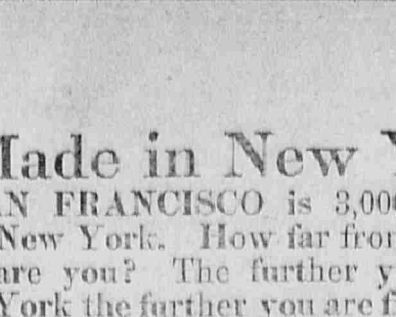

Philadelphia, March 25.—Impressive services were held in the Northampton Presbyterian church today over the remains of Brig.-Gen. Wint. Gen. Wint died last Thursday. The body was then taken to Washington, where interment will be made in Arlington cemetery with military honors.

TO TEST EIGHT-HOUR LAW.

Washington, March 25.—In the supreme court of the United States, Solicitor General Hoyt made a motion today for the advancement upon the docket of several cases against dredging companies on the charge of violating the eight-hour law. He said the secretary of war is anxious that the cases be heard before the close of the present term because of the possible effect the decision of the court may have upon the bids for contracts under the new river and harbor appropriations.

AMERICAN TEACHERS.

New York, March 25.—It is practically certain, it was announced here yesterday that from 500 to 1,000 American teachers will go to Great Britain next year to study that country's educational system. The plan was suggested by Mr. Alfred Mosely, the English educator's recent experiment of having several hundred British teachers visit this country to investigate our schools and school methods. It is understood that Mr. Mosely will make the same arrangement for the American teachers' trip to England and back as he did for his own teachers' coming to this side of the Atlantic. Pres. Nicholas Murray Butler of Columbia University and Supt. Maxwell of the New York City schools are the committees to supervise this American end. President Butler is now on a wedding trip. When he gets back details will be announced.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to worldwide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

NOTICE TO STOCKHOLDERS.

A special meeting of the stockholders of the STATE BANK OF UTAH, a corporation organized and existing under the laws of Utah, will be held at its banking house, in Salt Lake City, at 4 o'clock p. m., on Monday, the 2nd day of April, 1907, for the purpose of considering the advisability of amending Article 5 of the Articles of Incorporation, as amended, by increasing the capital stock, from \$250,000.00 to \$500,000.00, and by providing that the \$500,000.00 of capital stock, representing such increase, shall be subject to disposal by the Board of Directors for the use and purpose of the corporation to such persons, at such time or times, for such consideration and upon such terms as the said Board may deem expedient, and for the purpose of considering the advisability of amending Article 7 and 8, by increasing the number of Directors to 12, and the number of Vice Presidents to 2, and by providing for the filling of vacancies among the Directors, and for the purpose of extending the corporate existence from a period of 25 years to a period of 50 years from the date of the adoption of the said articles of incorporation.

By order of the Board of Directors, JOSEPH F. SMITH, President, CHAS. S. BURTON, Cashier. Dated at Salt Lake City, March 22, 1907.
